EXAMINER'S COMMENT

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(c), was filed in this application after allowance. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(c) has been timely paid, prosecution in this application has been reopened pursuant to 37 CFR 1.114. Applicant's submission filed on November 6, 2009 has been entered.

Information Disclosure Statement

The information disclosure statement received November 6, 2009 has been considered. The three cited foreign patents were those documents listed as category "A" references in the International Search Report in the cited corresponding International Application No. PCT/JP2003/012916. These documents have been carefully reviewed for relevance to the current claims of this pending U.S. application and cited documents have been found to not affect the allowability of the pending claims. Therefore, pending claims 1-4 are still deemed allowable.
